RE: *A LEVEL III CULTURAL RESOURCE INVENTORY OF THE DAKOTA, MINNESOTA AND
EASTERN RAILROAD CORPORATION'S POWDER RIVER BASIN EXPANSION PROJECT
CORRIDOR, CUSTER, FALL RIVER, AND PENNINGTON COUNTIES, SOUTH DAKOTA
ADDENDUM 4*

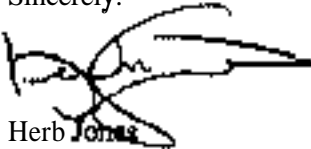

Dear Ms. Glidden:

For your review please find enclosed 1 copy of the draft archaeological resources inventory and evaluation for sites as part of the Powder River Basin Project (PRB Project) in Wyoming. The report was prepared by TRC as an addendum to the draft SWCA/USD report submitted to your office in April 2007 and, after a thorough review and comments period, sent to your office in November 2007 as a draft for distribution to the consulting parties and Tribes. TRC revisited a number of sites documented in the SWCA/USD report that were left unevaluated by USD,

The report has been converted into a PDF file to facilitate the STB review. The file has been uploaded to HDR's FTP Public Site (<ftp://ftp.hdrinc.com>). You will be prompted to enter a username (UAI)\MMADSONHDR) and password (sunshine) before downloading the report file,

Please feel free to contact me if you have any questions or if I can assist in your review of the report. Please provide comments on the report at your earliest convenience to Michael Madson (mmadson@hdrinc.com), preferably by May 2. We look forward to the STB's comments,

Sincerely,

Herb Jones
